John Fogerty — Blue Moon Nights

```
D                    G        D
Help me, fellas, I'm feelin' kinda weak
     G           D      A
The way I'm livin' just ain't right
 D                  G        D
I need someone to watch over me
G     D    A     D
All my blue moon nights
```

Verse 2:
```
D              G              D
I want a girl to take me by the hand

G            D      A
Lead me right down the line

D              G        D
Hold me gently while we dance

G     D    A     D
All my blue moon nights
```

CHORUS: middle table just chucks (percussive) for chorus, Beats 2 and 4
```
G                        D
Heaven only knows I don't wanna be
A          D
Just a fool passin' through

G                        D
Won't you send an angel to walk with me
G     A          D
All my blue moon nights
```

Verse 3:
```
D                    G          D
Help me, fellas, it's gettin' kinda late

    G              D      A
We're runnin' out of precious time

D                    G      D
She might pass me while I waste

G     D    A      D
All my blue moon nights.
```

CHORUS: *middle table just chucks (percussive) for chorus* Beats 2 and 4
```
G                          D
Heaven only knows I don't wanna be
 A     G          D
Just a fool passin' through
G                          D
Won't you send an angel to walk with me
G     D    A      D
All my blue moon nights
G     D    A      D
All my blue moon nights

G     D    A      D
All my blue moon nights   (abrupt end)
```
