

Anyone Can Be Somebody's Fool
Nancy Griffith

Key G

[Verse 1]

G Bm
You can toss the daylights out this pale winter moon,

Am C D
We can ponder every reason, why your true love was untrue

G Bm
You can cry your eyes out, I've got a shoulder here for you

Am C D
And everyday your broken heart's gonna turn a lighter shade of blue

[Chorus]

C Bm
Cause anyone can be somebody's fool

C D G
Oh look at me, I once was a fool for you

Bm C D G Bm
You know it's true, anyone can be somebody's fool.

[Verse 2]

G Bm
Out on this lonely town there's a lovely silver frost

Am C D
We could stop and have another round, for the true love that we lost

G Bm
It's gonna take a little time before your emptiness grows old

Am C D
And underneath that silver frost you've still got a heart of gold.

[Chorus]

C Bm
Cause anyone can be somebody's fool

C D G
Oh look at me, I once was a fool for you

Bm C D G Bm
You know it's true, anyone can be somebody's fool.

[Bridge]

C Bm
Hey when this winter's over, you're going to walk knee deep in clover

Am C D
And your heart will round the corner and you're gonna feel brand new!

Chorus
Last line 3x Bm Bm(4th fret) G (softly)///
