Where No One Stands Alone
Mosie Lister

[Intro]
G D G C G D G

[Verse 1]
```
      G                D                G
 Once I stood in the night with my head bowed low
                                      D
 In the darkness as black as the sea
      G               D             G        C
 And my heart was afraid and I cried oh Lord
       G           D           G
 Don't hide your face from me
```

[Chorus]
```
       G                  C            D             G
 Hold my hand all the way every hour every day
        D                     G  G7
 From here to the great unknown
C          G       D       C
 Take my hand  let me stand
     G             D       G
 Where no one stands alone
```

[Break]

[Verse
```
         G            D           G
 Like a king I may live in a palace so tall
                                    D
 With great riches to call my own
       G                 D           G                C
 But I don't know a thing in this whole wide world
      G                D      G
 That's worse than being alone
```
